## CLUB DEVELOPMENT PROGRAM - RECREATIONAL TARGET SHOOTING PROGRAM

The Recreational Target Shooting Program (RTS) will be used by local clubs or organisations to track and reward their athletes' progress. Participation in the RTS will be one of the criteria used to determine an athlete's eligibility for the BCDT.

Where possible local coaches will administer the program and award levels as the athlete progresses. Athletes that wish to participate, but do not have club support, can participate by mail.

The intent of using the RTS program is to provide a common standard by which new Athletes can be recognised and awarded throughout the province. The program should be ran as outlined on the SFC website. Additional rules and guidelines may be added from time to time by BCTSA to support the programs goals.

Primary considerations are:

1. you must use .22 LR (for small-bore)
2. only aperture (peep) sights are allowed (telescopic or other optical sights are forbidden)
3. range length is 20 yards.
4. Slings are not permitted.
